MEMORANDUM FOR: Assistant Director for Current Intelligence

SUBJECT : Continuation of Special Intelligence Security Clearance for [REDACTED]

1. [REDACTED] is transferring from the Office of Research and Reports to the Office of Training as Assistant to the Chief of the Junior Officer Training Program.

2. In his new capacity, it is planned that among his duties will be that of supervising the on-the-desk training programs of Junior Officer Trainees attached to the various Offices of the DD(I). He will be called upon to plan and negotiate on-the-desk training programs and to keep track of the progress of the Trainees. To carry out both of these functions will require personal contact with supervisors, other officials of the Office concerned, and the Trainees themselves.

3. It is also planned that [REDACTED] will be concerned with the selection of candidates for the Internal JOT Program. The DD/S has requested that a panel composed of individuals familiar with each of the three major components be set up to advise the Director of Training in these matters. [REDACTED] would be the DD(I) member of this panel. Here again, frequent contact with officials in the DD(I) will be necessary.

4. In order to facilitate the conduct of the JOT Program, it is requested that [REDACTED] special intelligence clearance be continued in effect.

MATTHEW BAIRD  
Director of Training
